

Design a Gwdihw T-Shirt.

We are looking to produce a range of T-Shirts ready for next summer and would like to offer one of our customers the chance to have their design included in the range.

Step 1: Simply print this page and get creative or go to www.gwdihw.co.uk/tshirt and download the artwork files.

Step 2: Post your finished design on our Facebook page

Step 3: The most 'likes' will be put into production.

Remember its the concept that is important so don't worry about being neat. The winning design will be developed by you and our designer. So get doodling!

Please Note...The design must include the Gwdihw logo and website address. Dont forget to include the front and the back of the T when uploading to Facebook. Good Luck
